

Quick and easy fill instructions

- Place the chair or table in your pool and submerge to fill.
- Move the chair or table to the desired location on your ledge.
- Let any extra water drain out the fill holes.
- Lift up the back of the chair to make sure all the water is in the foot.
- Add or drain water as needed to control weight and excess bulging of plastic.
- Sit. Relax. Enjoy!

***Designed for use on your tanning ledge in 6"-9" of water.
Not recommended for deeper ledges. Built for use on decks and beaches too.***

Care Instructions

- Aqua Chair products are designed to be in the water of a maintained pool with acceptable chemical levels. They are built to withstand weather and resistant to the sun.
- Use a soft sponge or cloth with bleach & water when cleaning your chairs.
- For more stubborn dirt, remove from the pool and use a mild household cleaner.
- Empty and refill twice a year to keep the water inside clean & fresh.

Wipe down often to prevent calcium build up from your pool water.

That is it. Now it is time to relax on a new level.
